Subject: 2019 Reduce, reuse and recycle grant: Help us promote!

Hi Angel, Rick and Kristy,

I am reaching out today because, the Oregon Department of Environmental Quality's (DEQ) Materials Management Project and Planning grants are accepting applications. Grants are for projects that reduce impacts across the full cycle of materials and products. The lifecycle of materials and products includes product design, raw material extraction, manufacturing, transport, consumption, use, reuse, repair, recovery through recycling, composting or anaerobic digestion, and disposal. You were extremely helpful to help promote the grant program last year, so I wanted to keep you posted about this new cycle.

DEQ expects to award up to \$600,000 in statewide funding. Grant application forms and instructions are on our [website](#), and all completed applications are due Friday, October 4. Local governments, tribal governments, nonprofit organizations and schools (for food waste prevention projects only) are eligible to apply.

This year, the DEQ Grant Program aims to foster new partnerships between community-based organizations (CBOs) and environmental organizations in Oregon. Focus points will be given to projects involving two or more organizations where materials management outcomes would assist a local community in Oregon. The

implementation must also include extensive involvement from a CBO that is representative of or has successfully served the target community.

If interested, feel free to explore our [website](#) to download the application and instruction documents, to read about our [focus area](#), our [project examples list](#), our [answer examples document](#), the [FAQs](#) page, the [2050 Vision](#) for Materials Management and the [presentation](#) and [notes](#) of the webinar held to answer questions from the public about the application process on August 5.

There will be a webinar for Tribes to ask questions about the process, **Monday, August 19** from 1:00-2:00pm.

- Meeting number and dial-in number: [Ex. 6 Personal Privacy \(PP\)](#) Access code: [Ex. 6 Personal Privacy \(PP\)](#) and webinar-conference link:

Ex. 6 Personal Privacy (PP)

Attached you can find a poster summarizing the grant opportunity and an informative picture for social media, if you want to share with your network.

If you have questions, please contact me, Marie Diodati at 503-229-5446 or Diodati.Marie-Helene@deq.state.or.us

Marie
